

Quizizz : How it works :

One of the many different online testing programmes is quizizz.

It is an easy programme to work with and it is free. You don't need any subscription.

Quizizz is :

A **fun game** to conduct quick **assessments** with your class.

What's different about Quizizz :

You have a programme that is :Student-paced, Realtime Feedback, Question Library, BYOD.

How does Quizizz work :

Playing a Quizizz :

Step 1: Search

Search for quizzes using relevant keywords, or the username of the creator.

## **2 Sorting Options**

1. **Relevant** (default): This sorts the quizzes by how closely they match your keywords.
2. **Newest**: This sorts the quizzes (that match your keywords) by how recently they were created.

### **Bonus Option: Include duplicates?**

Include duplicate versions of quizzes in the list of results.

(Useful if you like a quiz, and want to see variations of it.)

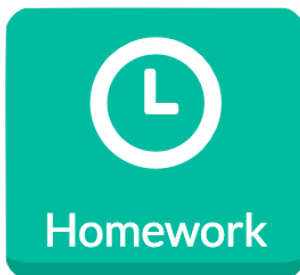

## Step 2: Live or Homework?

Quizizz supports 2 modes for conducting a game, **live** and **homework**.

1. Ideal for an in-class review session.
2. Game automatically ends when all the students have completed.
3. Students need to complete in one sitting, they cannot resume a game later.

Has a “Live Results” dashboard while the game is running

1. Ideal for a homework assignment.
2. You can set a deadline up to 2 weeks into the future.
3. Game automatically ends at the deadline.
4. Students can resume a half-done assignment later.

I used quiziz in my exam class to practice grammar and vocabulary. They liked the programme. especially the fact that they can take all the time they need to give the answers.

It is an easy programme to work with and it gives instant results.
